

## PRIEST IS HELD IN OBSERVATION WARD

Confessed Slayer of Anna  
Aumuller Declared Insane by  
Warden of Tombs Prison

IS CONSIDERED DANGEROUS

Message from Prisoner's Home An-  
nounces He Was Found Insane by German  
Court—Tells and Re-Tells Story of Crime

DISCOVER; IMPORTANT WITNESS

**BULLETIN.**  
New York, Sept. 15.—Inspector  
Faurot late tonight arrested Dr.  
Muret, a dentist of 301 St. Nicholas  
avenue. The doctor was taken at  
his home, which was left in charge  
of detectives.  
Number 301 St. Nicholas avenue  
is in the vicinity of 135th street and  
near St. Joseph's church, where Father  
Schmidt was arrested. Dr.  
Muret is about 30 years old.  
Inspector Faurot also brought in  
Dr. Muret's housekeeper, Bertha  
Zeck.  
Dr. Muret is being held on a technical  
charge of counterfeiting and  
the woman as a material witness.  
It is alleged that under the name  
of George Miller, Muret hired an  
apartment in West 134th street and  
that in this apartment were found  
plates and presses and portions of  
partially destroyed proofs of \$20  
gold certificates. The detectives  
allege that they also found in Father  
Schmidt's room at St. Joseph's rectory  
a plate from which counterfeit  
money had been struck.  
Dr. Muret was arrested at his  
home, which is in the vicinity of  
125th street, near St. Joseph's  
church. The dentist seemed unconcerned  
when he was taken into custody.  
Dr. Muret was born in Chicago,  
but went to Europe when a boy and  
studied in the public schools of Berlin.  
He graduated from a dental  
college in 1902 and came to New  
York in the latter year.  
The police say that Father  
Schmidt was often seen in the apart-  
ments in West 134th street with  
Dr. Muret. The agent of the flat  
is also said to have identified Muret  
as having been in the apartment  
with Father Schmidt.

**NEW YORK, Sept. 15.**—Hans  
Schmidt, the priest who confessed  
that he killed Anna Aumuller with  
a butcher knife "as a sacrifice to be  
consummated in blood," is in the ob-  
servation ward of the Tombs prison  
tonight under the watchful eye of  
Dr. McGuire, the prison physician.  
Warden Fallon, of the Tombs, de-  
clares the man is insane—one of the  
most dangerous men ever confined in  
the prison and in this view he was  
upheld by Deputy Commissioner of  
Corrections Wright.  
**Declared Insane in Germany.**  
From far off Mainz, Germany,  
there came today to Monsignor Jo-  
seph F. Mooney, vicar-general of the  
archdiocese of New York, a cable-  
gram from the secretary of the  
bishop which said that Schmidt had  
been declared insane there and sus-  
pended by the bishop. The message  
read:  
"Schmidt born at Aschaffenburg.  
Priest of diocese of Mainz. Ran  
away from Mainz because of attempted  
frauds; arrested by police. De-  
clared insane by court and discharg-  
ed. Suspended by bishop for acts  
and for presenting falsified docu-  
ment regarding studies he pretended  
to have made. Then left diocese."  
In his cell today Schmidt told and  
retold the story of his crime and how,  
after the woman was dead, he cut up  
the body with knife and saw and  
sank it, portion by portion, in the  
waters of the Hudson river from the  
stern of a ferry boat. "The Lord  
told me to do it," or "St. Elizabeth,  
my patron, demanded the sacrifice,"  
were the only reasons he gave for  
his deed and he invariably added:  
"God in His own time will clear it  
up. God and Abraham know why I  
killed her."

**Preparing For Quinny Trial.**  
Alphonse Koebler, Schmidt's at-  
torney, indicated today that insanity  
would be the defense at Schmidt's  
trial. On the other hand, however,  
the district attorney's assistants are  
preparing for a quick trial of  
Schmidt. They declare that Schmidt  
is a criminal and not an insane man  
in the eyes of the law. They say  
his excuses for his action are framed  
along the lines of religious mania  
but that previous to his arrest his ac-  
quaintances never had observed such  
mental characteristics in him.  
The portions of the body of Anna  
Aumuller in the Hoboken morgue  
were positively identified today by  
Anna Hirt, who formerly had served  
as a domestic with the dead girl.  
She also identified clothing and  
trinkets taken to police quarters  
from the apartment where the mur-  
der was committed as having belong-  
ed to the Aumuller woman.  
Inspector Faurot spent the better  
part of early tonight with a corps of  
men in translating a number of let-  
ters and documents found in  
Schmidt's trunk. One document was  
a copy of the affidavit lodged in the  
municipal court against Schmidt  
nearly four years ago, charging him  
with forgery and attempted fraud.  
He was acquitted of this charge, how-  
ever, following testimony of alien-

## CORONER HOLDS THREE TRAINMEN RESPONSIBLE

HANDS DOWN FINDING IN NORTH  
HAVEN WRECK CASE

Neither Blames Nor Absolves New  
Haven Road—Finds Accident  
Could Have Been Prevented If  
Company's Rules Had Not Been  
Violated.

**NEW HAVEN, Conn., Sept. 15.**—  
August B. Miller, engineer of the  
White Mountain express; Bruce C.  
Adams, conductor and Charles H.  
Murray, flagman of the Bar Harbor  
express are held criminally responsi-  
ble for the fatal wreck on the New  
Haven road at North Haven, Sep-  
tember 2, by Coroner Mix, who hand-  
ed down his finding late today. The  
coroner neither blames nor absolves  
the New Haven road. He finds the  
signals were in perfect working or-  
der "and whether the banjo signals  
are absolute or not the accident  
would have been prevented if the  
company's rules had not been vio-  
lated."  
Engineer Miller was arrested on a  
bench warrant this afternoon and  
pleaded not guilty before the su-  
perior court. Bench warrants have  
been issued for Adams and Murray.  
It is said they will be brought into  
court tomorrow.  
The coroner scores Engineer Mil-  
ler for alleged failure to heed danger  
signals. Flagman Murray  
claimed he was recalled by a signal  
from the engineer before he could  
place torpedoes or light a fuse. The  
coroner declares he made no effort  
to go back the required distance and  
he did not set his torpedoes or light  
his fuse.  
Conductor Adams is taken to task  
for failure to get his train out of  
the way of danger.

TUESDAY IN CONGRESS.

**Senate.**  
Met at noon.  
Passed without reference to  
committee the house appropriation  
for \$100,000 to get Amer-  
icans out of Mexico.  
Senator Thomas made a belat-  
ed tariff speech.  
Testimony closed in West Vir-  
ginia strike investigation.  
Senators Thornton and Bank-  
head introduced bill to appropri-  
ate \$25,000,000 for good roads in  
co-operation with other states.  
Senator O'Gorman introduced  
bill to place in front of the capitol  
a copy of the J. Q. A. Ward  
statue of Washington at the  
New York sub-treasury.  
Alaskan government railroad  
bill made unfinished business on  
and after December 31st.  
Senator Ashurst spoke on New-  
land's river regulation bill.  
Adjourned as a mark of respect  
to the late Representatives Wilder  
of Massachusetts and Sullivan  
of New York, at 4:20 p. m. to 2  
p. m. Thursday.  
**House.**  
Met at noon.  
Currency bill taken up under  
the five minute rule for amend-  
ment.  
Lobby committee heard former  
Representative Cole of Ohio.  
Adjourned at 5:40 p. m. to  
noon Tuesday.

PUBLIC SAFETY BODY FORMED.

Chicago, Sept. 15.—A permanent  
committee on public safety for the  
purpose of minimizing the number  
of accidental deaths was formed here  
today. The means of lowering the  
death rate will be investigating by  
the following sub-committee: In-  
dustrial, railroads, street railways,  
automobiles and motorcycles, drown-  
ings, asphyxiation, criminal opera-  
tions, elevators, self destruction,  
homicides, law enforcement and ways  
and means.

ists to the effect that Schmidt was  
"not responsible."

**Discover Important Witness.**  
An important witness has been  
discovered, Inspector Faurot said  
tonight, in a contractor who saw  
Schmidt carry the mattress to the  
vacant lot where it was burned.  
A search of the lot where the mat-  
tress was destroyed resulted in the  
finding among other things of a  
bone, thought to be from the head  
of a human being, about three inches  
long and blood-stained.

**Intended to Return Home.**  
Aschaffenburg, Germany, Sept. 15.  
—That Hans Schmidt, the priest  
who has confessed the murder of Anna  
Aumuller in New York, intended  
to return to his home in Bavaria at  
an early date is indicated on a post-  
card which his parents received from  
him a day or two ago. Schmidt  
wrote that he rejoiced to think that  
he would see them and Aschaffenburg  
soon again.

Both of Schmidt's parents and other  
relatives living here consider him  
abnormal morally and declare that  
there were numerous cases of in-  
sanity in the family. According to  
the records he was born in 1818 and  
was ordained in 1904. He showed  
no signs of abnormality so far as  
can be learned before his twentieth  
year and then his character appeared  
to undergo a strange transformation.  
He became uncommunicative and was  
unable to agree with his superior. He  
occupied a number of curacies dur-  
ing the three years following 1904  
but remained only a few months in  
each place.

Schmidt, it is stated, took holy or-  
ders against his own wishes and only  
to satisfy the desires of his mother.

## THOUSANDS OF VETERANS GATHER AT CHATTANOOGA

FORTY-SEVENTH ANNUAL ENCAMP-  
MENT OF G.A.R. FORMALLY OPENS

Veterans Swarm Scenes of Struggles  
of Fifty Years Ago on "Lookout  
Mountain Day"—Army of Cumber-  
land Reunion Begins.

**CHATTANOOGA, Tenn., Sept. 15.**—  
The formal opening today of the  
Grand Army of the Republic's forty-  
seventh annual encampment was oc-  
cupied chiefly with sight-seeing tours  
to historic battlefields in this vicinity.  
A drizzling rain did not deter the  
thousands of veterans from making  
pilgrimages to Lookout Mountain,  
Chickamauga Park and Missionary  
Ridge.

Today was officially designated as  
"Lookout Mountain Day" and the  
veterans swarmed the scenes of the  
struggles of fifty years ago between  
the confederate forces under Generals  
Bragg and Longstreet and union  
troops commanded by Generals  
Grant and "Pap" Thomas.  
Interest of the veterans is being  
already manifested in the selection  
of a commander-in-chief to succeed  
General Alfred B. Beers. Among  
the names prominently mentioned in  
this connection are Private Orlando  
Somers of Kokomo, Ind., Col. Clair  
E. Adams of Superior, Neb., former  
Representative Washington Gardner  
of Kalamazoo, Mich., and General J.  
N. Harrison of the department of  
Kansas.

The first general business session  
of the national encampment will be  
called to order Thursday morning  
and the election of officers is likely  
to take place soon thereafter.  
Estimates made tonight place the  
number of visitors in the city at  
35,000.

The departments reported present  
tonight included: Illinois, J. B.  
Crowder, DeWitt, Indiana, Daniel  
W. Constock, Richmond, Iowa, J.  
W. Willet, Tama, Missouri, Arthur  
Dreifus, St. Louis.

A reception to which all veterans  
were invited was tendered the visit-  
ors tonight.  
The forty-first reunion of the  
army of the Cumberland also was  
formally opened today. Today's  
session was devoted to routine busi-  
ness and tonight an address was  
delivered by General Anson Mills, U.  
S. A.

## MINISTER INDICTED ON CHARGE OF ASSAULTING FATHER

Baptist Preacher Admitted He Swit-  
ched and Spanked His Father For  
Ill Treatment of His Mother.

**Terre Haute, Ind., Sept. 15.**—The  
Rev. Elijah M. Hanley, president of  
Franklin College here today was in-  
dicted by the Vigo county grand jury  
on a charge of assault and battery,  
growing out of his attack on his fa-  
ther Calvin Hanley, last Thursday.  
President Hanley admitted he swit-  
ched and spanked his father for ill-  
treatment of his mother and other  
members of the family. At the time  
the father told neighbors that he had  
been beaten with a club and kicked  
by Dr. Hanley. Father and son met  
Sunday night and a reconciliation  
was announced. It was presumed  
this would close the incident.  
The Rev. Mr. Hanley is regarded  
as one of the leading Baptist minis-  
ters of the country, having held im-  
portant posts in that church.

## DUNNE ISSUES INVITATION TO DISCUSS PLANS OF TRUSTEES

Meeting in Legislative Offices Satur-  
day to Take Up Matters Relating  
to Chicago Sanitary District.

**Springfield, Ill., Sept. 15.**—Governor  
Dunne today extended an invita-  
tion to all interested parties to at-  
tend a meeting of the legislative  
offices in this city next Saturday,  
September 20, for the purpose of  
discussing the plans of the Chicago  
sanitary district trustees, looking to  
the condemnation of property on the  
Desplaines river near Brandon road  
and the enactment of legislation  
which will enable the sanitary dis-  
trict to utilize and operate certain  
valuable water power rights through  
such condemnation. Those who are  
invited to attend the hearing in-  
clude the Sanitary district of Chicago  
trustees; the Illinois and Michigan  
canal commission, representatives of  
the city of Chicago, the city of Joliet,  
the attorney general of Illinois, the  
United States district attorney, the  
United States engineer of Chicago,  
and officials of the Economy, Light  
and Power company.

**CARRIGAN BREAKS FINGER.**

**BOSTON, Sept. 15.**—The Boston  
Americans will be without the play-  
ing assistance of Manager Carrigan  
as a result of an accident today when  
he had the middle finger of his  
throwing hand broken during the  
game at St. Louis. Carrigan will be  
unable to play again this season and  
in all probability will not be able to  
take an active part in the post-sea-  
son series with the Boston Nationals.

**KILLED IN EXPLOSION.**

**New York, Sept. 15.**—While ex-  
perimenting for a process to take the  
place of rubber, Mrs. Eva Gottschalk,  
wife of Dr. Louis Gottschalk, chem-  
ist, and herself a holder of several  
scientific degrees, was killed in the  
explosion of a steel cylinder today  
in the laboratory at their home in  
Seawarren, N. J. The explosion was  
so terrific that it was heard four and  
a half miles away.

## EFFORTS TO ALTER BILL PROVE FUTILE

Democrats Quickly Dispose of  
Opposition to Provisions of  
Currency Measure

MINORITY CHARGES GAG LAW

Representatives Mondell and Murdock  
Plead With Democrats to "Break the  
Shackles" and Desert the Caucus Pledge

EXPECT TO FINISH WEDNESDAY

**WASHINGTON, Sept. 15.**—With  
well oiled legislative machinery  
working smoothly, the administra-  
tion currency bill rolled steadily to-  
ward completion today under detail-  
ed consideration in the house. A  
chorus of Democratic "Noes" quickly  
disposed of the numerous efforts of  
Republican and Progressive to alter  
the provisions of the measure, as  
agreed on by the Democratic caucus.  
Not a single material amendment  
was voted into the bill. At the close  
of the day nearly half of the bill  
had been read. At this rate the  
house leaders thought they might be  
able to finish sometime Wednesday.  
The debate bristled with charges  
of "gag law" and caucus rule" from  
the minority, with occasional sym-  
pathetic replies from the Democrati-  
cally, but when the votes were needed  
the line held firm behind Chairman  
Glass of the banking and currency  
committee.

Representative Mondell of Wyo-  
ming and Progressive Leader Murdock  
devoted considerable time to plead-  
ing with the Democrats to "break  
the shackles" and desert the caucus  
pledge. Mr. Mondell became in-  
volved in a spirited controversy with  
Representative Stanley of Kentucky,  
who had something to say about Re-  
publican caucus action. Representa-  
tive Donovan, Democrat, of Con-  
necticut, joined with Representative  
Murdock in one of his attacks, de-  
claring that the leaders had aban-  
doned the currency bill to the new  
members of the house.

"Not more than half a quorum is  
here," he shouted. "They draw their  
pay regularly and abandon the work  
attached to their positions. This is  
nothing more than stealing."  
"What could they do if they were  
here?" demanded Representative  
Murdock, "the caucuses have foreclosed  
all action on this bill."

## CHARGES PRESENTED AGAINST TWO FREE METHODIST PASTORS

Accusations Not Made Public—Rev.  
W. C. Hammer of St. Charles Said  
To Be Second Man Concerned.

**Chicago, Sept. 15.**—Charges were  
presented tonight against two pastors  
of the Free Methodist church and a  
secret hearing was held. The charges  
were not made public and the name  
of one pastor did not leak out but  
Rev. W. C. Hammer, of St. Charles,  
Ill., is said to be the second man  
concerned.

Rev. H. O. Hubbard, of Chicago  
said that the charges against Rev.  
Mr. Hammer grew out of a rumor  
that started in the west. He said  
that the hearing would be closed  
and that the accusations would not  
be made public unless sustained. Rev.  
Hammer was present with witnesses  
to testify to the falsity of the charges  
against him and to his general good  
reputation throughout the Free  
Methodist church.

## INDIANAPOLIS PHYSICIAN SHOOTS OIL WAGON DRIVER

Dr. Clayton Declared He Found  
Stout Embracing His Wife—  
Doctor's Automobile Seriously In-  
jured Boy.

**Indianapolis, Sept. 15.**—Joseph  
Stout, an oil wagon driver, was  
shot here today by Dr. Charles M.  
Clayton, who returning home unex-  
pectedly found the man embracing his  
wife, according to Dr. Clayton. On  
the way to police headquarters to  
give himself up, Dr. Clayton's auto-  
mobile struck Roy Deering, 15 years  
old, who was internally injured and  
is not expected to live. Physicians  
tonight said Stout's wounds might  
prove fatal.

Mrs. Clayton told the police that  
Stout called at her home to ask if  
her wanted oil, had thrown his  
arms around her and was kissing her  
when Dr. Clayton appeared. She  
said she was struggling to get away  
from Stout when her husband ar-  
rived. Both Dr. Clayton and his  
wife were arrested and later released  
on bond.

**CALLS MEETING OF ASSOCIATION.**  
Chicago, Sept. 15.—Mrs. Grace  
Wilbur Trout, president of the Illi-  
nois Equal Suffrage Association to-  
day issued a call for the education  
of the association to be held at the  
Peoria November 5. The general  
topic discussion will be "The Respon-  
sibility and Use of the Ballot."

**COMMITTEE BEGINS WORK.**

**CALUMET, Mich., Sept. 15.**—The  
committee appointed by the Copper  
Country Commercial club to investi-  
gate the copper miners' strike, with  
a view to offering its services as  
mediator, began its work today.

## BELIEVE AMERICANS IN MEXICO ARE SAFE

OFFICIALS CONFIDENT ONLY DANGER  
LIES WITH BRIGAND BANDS

Washington Authorities Think Inde-  
pendence Celebration Will Bring  
No Demonstration That Would In-  
volve Risk of Personal Injury.

**WASHINGTON, Sept. 15.**—State  
department officials were resting  
secure tonight in the belief that to-  
morrow's celebration of the uni-  
versary of Mexican independence,  
though it might be marked by inter-  
esting developments, would not  
jeopardize the safety of Americans  
in the country. They are confident  
that in the capital where the federal  
authorities are in full control there  
is no possibility of an anti-American  
demonstration that would involve  
risk of personal injury, while in the  
outlying states the officials are un-  
der the strictest injunction from  
General Huerta to extend full pro-  
tection to Americans.

In the country dominated by the  
constitutionalists, the various local  
leaders are treating Americans  
courteously and on the whole, the  
only element of danger is believed to  
lie with the irresponsible brigand  
bands that are particularly active in  
the southern sections.  
Secretary Bryan said late today  
he was confident of the safety of the  
little band of American refugees  
which has been making its way from  
Torreon to Saltillo. However, he  
has sent the customary instructions  
to American consular officers to in-  
terest themselves in behalf of this  
party and messages also have gone  
to the American consul at Chihuahua  
and Tuxtepec inquiring as to the truth  
of the report that Morris P. Root,  
a nephew of Senator Root, had been  
shot at the latter place. In this  
case Mr. Bryan is acting entirely up-  
on newspaper reports on the affair.

**Usher in Celebration.**  
Mexico, City, Sept. 15.—"Viva la  
Independencia! Viva Mexico!" was  
the cry which ushered in tonight the  
celebration of the 103rd anniversary  
of Mexico's independence. As in  
the capital, so every city, town and  
hamlet observed the time-honored  
custom marking the hour of truth  
of the first liberty bell.

Sharp on the stroke of 11 o'clock  
in the presence of thousands who  
packed the big square in front of  
the national palace, president Huerta  
appeared on the balcony and grasp-  
ed the cord attached to the tongue  
of the big bell suspended above and  
shouted the magic words.  
Instantly the crowd, which prior  
to this had been standing in silent  
expectation, burst into an echoing  
roar of "Vivas" for the independ-  
ence of the nation.

**U. S. Troop Arrested.**  
Douglas, Ariz., Sept. 15.—James  
Shields, corporal of troop L, ninth  
(negro) U. S. Cavalry, returned to-  
day from a conquest of Mexico. As  
a result he is charged by his mili-  
tary superiors with several viola-  
tions of military laws.

In five hours the non-commissioned  
officer attained a captain's com-  
mission and command of a full com-  
pany of Mexican insurgents. But his  
success occasioned a celebration; he  
returned to visit his wife on the  
Arizona side of the line and landed  
in the guardhouse. Shields is  
charged with having held up two  
fellow members of the border patrol  
and at the point of his pistol re-  
lieved them of their rifles and re-  
volvers. One was struck on the  
head.

Then Shields crossed the line into  
Mexico with his triple armament and  
was received with open arms by the  
rebels. They made him a captain and  
command of a company of  
barefooted, big-bearded soldiers.

**To Mobilize Troops.**  
El Paso, Texas, Sept. 15.—Within  
the next few days 3,000 federal  
troops will be mobilized at Juarez  
and the military headquarters of  
the second military of Mexico, which  
takes in the entire state of Chihua-  
hua, will be transferred to Juarez,  
federal officials stated today. The  
mobilization of the troops at the in-  
ternational boundary has been or-  
dered by the Mexican ward postmas-  
ter.

The addition of 3,000 federal  
troops which will be brought to  
Juarez will swell the garrison's num-  
ber to 3,500 men. They will bring  
heavy artillery with them.

## FIRE IN PEAT BED THREATENS TO UNDERMINE HUME TOWNSHIP

Thirteen Acres of Land Have Al-  
ready Been Destroyed—Fire Burn-  
ing at the Rate of an Acre a Day.

**Sterling, Ill., Sept. 15.**—Fire in  
the huge peat bed in Hume town-  
ship tonight threatens to undermine  
the entire township unless stopped.  
Thirteen acres of land have already  
been destroyed while the fire is burn-  
ing at the rate of an acre or more  
a day, three or four feet beneath  
the surface, leaving only a thin crust  
of soil. The fire was started by a  
farmer burning weeds. In an effort  
to curb the progress of the fire, in-  
farmers are damming the nearby drain-  
age ditches and forcing the water  
back into the burning soil.

**STRIKERS BADLY BEATEN.**  
Philadelphia, Sept. 15.—Seven per-  
sons, believed to be striking garment  
workers and their sympathizers were  
so badly beaten in a disturbance here  
today that they had to be sent to a  
hospital. Two of them, Michael  
Druit and Anthony Goltz, were in-  
jured internally and are in a serious  
condition. A score of others received  
minor injuries.

## PONTIAC INMATES MAKE CHARGES OF CRUELTY

TWELVE BOYS TESTIFY BEFORE  
BOARD OF MANAGERS

Declare They Were Beaten With  
Fists By Dr. Marshall and Whipped  
With Rubber Hose—Physician De-  
nies Accusations.

**PONTIAC, Ill., Sept. 15.**—Twelve  
boys, inmates of the Illinois State  
reformatory made accusations of  
cruelty in testimony which they  
gave today before the board of man-  
agers of the institution. Their stories  
were identical as to detail and were  
said to be without precedent in  
penal institutions of the state.  
Eleven of the boys testified they  
had arrived from Chicago three  
weeks ago, that they had been or-  
dered to the reformatory hospital  
the next morning and had been beaten  
with fists by Dr. J. A. Marshall,  
for a dozen years a reformatory  
physician and that they had been  
whipped with a rubber hose which  
they called a "squee-jee." Each  
of the boys said that the beatings  
had been without cause and that the  
punishment had been administered  
without warning.

Dr. Marshall was not heard by the  
board of managers but denied the  
entire charge in a statement, brand-  
ing it as of the flimsiest foundation  
and said it probably was the result  
of a hope among the witnesses that  
they might expect lenient treatment  
in the way of achieving parole.

Dr. Marshall stated that the story  
had been evolved from the fact that  
he threatened to use the "squee-  
jee" upon one of the inmates.  
E. W. Annadale, chaplain, testi-  
fied that he had never seen any cor-  
poral punishment since he had been  
in the institution but that he learned  
through conversation with the  
boys that there had been much of  
it two or three years ago. He said  
that a case had been reported to  
him of mistreatment at the hands of  
a guard and that the guard had been  
discharged.

## MAYOR CHAMBERLAIN WITHDRAWS CHARGES AGAINST COMPTROLLER

Action of East St. Louis Executive  
Comes Without Warning—Had  
Accused Rodenberger of "Gross  
Neglect of Duty."

**St. Louis, Sept. 15.**—Without  
warning Mayor Chamberlain of East  
St. Louis, Ill., at a meeting of the  
city council tonight withdrew the  
charges of "gross neglect of duty"  
which he recently filed against  
Comptroller William R. Rodenberger  
as a result of the theft of six im-  
portant ledgers from the latter's of-  
fice. The books were to have been  
used in the investigation of alleged  
municipal graft now being con-  
ducted by the grand jury in East St.  
Louis. He then recommended to  
the council the appointment of Robert  
W. Sickling as comptroller and the  
recommendation was approved  
unanimously. This action automati-  
cally removed Rodenberger, who  
had been held over from the last  
administration.

## ATTORNEY STATES JOHNSON WILL RETURN FOR HEARING

Lawyers Argue Before Federal Judge  
on Question of Proper Form of  
Bill of Exceptions.

**Chicago, Sept. 15.**—Jack Johnson,  
champion heavy-weight prize fighter,  
will return to Chicago from France  
when his appeal from a conviction  
under the Mann white slave act is  
to be heard, according to Benjamin  
Bachrach, Johnson's attorney. Bach-  
rach today had information that at  
one time she was an inmate of an  
insane asylum in Canada. It is al-  
leged that she was "dumped" across  
the border and reached Reading pen-  
itentiary. Her present whereabouts is  
unknown.

"I can't be too emphatic," said  
Inspector Allen, "in saying that this  
man's offense was committed and  
that he was indicted prior to the  
present Thaw case and prior to the  
arrest of Jerome at Coaticook. It  
has nothing whatever to do with the  
Jerome matter; we are simply doing  
our duty."

The complaint against Andrews  
recites that the name of the pauper  
woman in question was Hattie Wil-  
lard Chamberlain. The authorities  
said they had information that at  
one time she was an inmate of an  
insane asylum in Canada. It is al-  
leged that she was "dumped" across  
the border and reached Reading pen-  
itentiary. Her present whereabouts is  
unknown.

### 101 RANCH WILD WEST SHOW TO VISIT JACKSONVILLE TODAY

Exhibitions of Marksmanship Will Be One of the Features of the Splendid Program.

Some of the best shooting in the 101 Ranch Wild West, which exhibits in Jacksonville today, afternoon and night, is said to be accomplished by a Sioux Indian girl, who is known among her people as Little Venona. This young Indian girl shoots clay pigeons and glass balls, the latter so small that it is difficult at times to distinguish them

in the air, with an accuracy and rapidity that is declared to be almost unrivaled among Caucasian crack shots. She is also an expert horsewoman, and many of her best stunts with the rifle are done while galloping around the arena on one of the half wild little Indian ponies.

An Oklahoma Indian girl who also accomplishes things with a rifle is Edith Tantlinger. Her skill, like that of Princess Venona, is the result of practical experience in hunting. Many a deer and many a bear have fallen to her accuracy with the rifle.

Among the cowgirls with the show there are it is said, several who handle the rifle with more or less dexterity, but their most pronounced cleverness is in riding and subduing wild horses. Iddie Lindsay is credited with being an expert in "breaking" outlaw ponies, although she is only a tiny bit of a young woman, and her appearance does not in any way suggest the rough life of the ranch.

All these wild west people will be seen in the preliminary parade this morning and also in the performances.

The route of the parade will be the usual one over the principal downtown streets.

Don't fail to visit our totter on Thursday. Finest display of autumn hats, ladies suits, coats for ladies, misses and children at moderate prices.

### SEPTEMBER TERM OF COUNTY COURT IS NOW UNDER WAY

Proctor DeFreitas on Trial For Alleged Selling of Liquor in Anti-Saloon Territory—Three Pleaded Guilty on Gambling Charges.

The business of the September term of the Morgan county court was commenced yesterday, Judge E. P. Brockhouse presiding. In several cases pleas of guilty were entered and the trial of Proctor DeFreitas was commenced. He is charged with selling liquor in anti-saloon territory.

J. P. Doan pleaded guilty to a charge of illegal milk sale and paid a fine of \$15 and costs. Mr. Doan violated a state law when he permitted a can of skimmed milk to be taken on his wagon without having the can so labeled. The milk was sold as skimmed milk and was being delivered as such, but the law requires that the can shall be marked.

George Hurst pleaded guilty to a charge of keeping a gaming house and James Sevier and Howard Spears pleaded guilty to gambling charges and each was fined \$10 and costs.

The case of J. A. Obermeyer, charged with selling liquor in anti-saloon territory, was continued until a later date in this term. W. N. Hairsgrove, acting for Mr. Obermeyer, entered a motion for continuance and this was resisted by the state's attorney. The matter was later compromised.

In the case of Proctor DeFreitas, on trial for selling liquor in anti-saloon territory, T. F. Smith is appearing for the defendant and State's Attorney Tilton for the people. It is alleged that DeFreitas sold beer on premises near Finlay and Elm streets. The jury consists of Samuel Thompson, Bert Reece, Richard Whalen, Bert Davenport, J. T. Warren, Frank Couchman, M. H. Ryan, N. T. Fox, G. H. McKean, J. W. Gibson, Edward Kastrup, J. H. Harvey.

Other members of the panel are J. O. Ralston, Jasper Shelton, William Hansmeyer, Scott Green, M. A. Hulet, J. M. Fernandes, T. J. Riley, Edward White, A. Zeigler, J. W. Kirk, J. W. Brockman, J. H. Mallen, C. C. Berryman.

A good many witnesses have been summoned by the state. Most of them are neighbors of the defendant, the list including Mrs. Emma Ballard, William Ricks, Paul Sheppard, Albert H. Duckett, John Marshall, Walter Huff, Joseph Boylan, J. Ball, P. Frank, E. Woodman and George Tholen.

**ENTERTAINED FRIENDS**  
Mrs. Julius Rice entertained a number of friends Sunday afternoon at her home 642 North West street in honor of Miss Ella Hamilton, who returned Monday night to Chicago. She has been taking a course as nurse at the Home Sanatorium for the past fifteen months.

### Fall Opening Thursday, Sept. 18

### PHELPS & OSBORNE

We are pleased to announce the arrival of our great lines of Ready-to-Wear Garments, Silks and Wool Dress Fabrics. In fact, our counters are loaded with New Fall Goods in every department of this great store, and your early inspection is invited.

#### Ready-to-Wear Section

The sales people in the Suit and Cloak Department feel proud of their stock, because they know the value is not all on the outside. The customer buys with assurance and indifferently tosses down her coat so that her friends may see the lining. Our Coats and Suits are lined with the very best satin, which includes Skinner's, which has no equal.

#### Two-Piece Suits

Cutaway effects, the dominant style feature. Plain tailored mannish effects good; but semi-fancy model unusually strong. Majority more or less rough faced, though some plain Worsteds are good.

#### Investigate Our Suit Section Coats

An unusual assortment of fabrics are used and approved this season—the important feature, it must be rough faced. Astrachan and Chinchilla are the leading fabrics in great variety of colors. Satin lined and unlined, as you prefer.

We Have the Coat You Want

#### Silks! Silks!

The outlook for silks is excellent. Satines will continue in the lead. Crepe weaves are much worn. Plain Charmeuse and printed crepes, figured silks will continue throughout the fall and winter season. Bulgarian silks are still popular for trimmings.

Our line of silks was never more complete than this season. We are showing all the New Fall Silks in all the much sought after popular silks at popular prices.

#### Wool Dress Fabrics

Soft woolen fabrics are gaining in popularity. Checks are gaining in strength. Poplins in plain weaves, with Jacquard figures, are popular sellers.

We offer many new specialties in wool dress fabrics for fall.

## PERFECT ORGANIZATION

### FOR UNION REVIVAL

Groups Formed in Each Denomination for Personal Work—Dr. Rees Speaks on "The Master's Way"—The Service Sunday.

At a conference Monday evening of the pastors of the churches represented in the union revival, plans were perfected for the formation of groups and the organization of the church membership for efficient, individual work. There will be several groups of workers in each denomination, over a hundred in all, each with its own group leader. With such an organization of the church membership and an evangelist of such force and power as Dr. Rees, no limit can be set nor estimate made of the far reaching effects and quality of success of the union meetings. As sure as "God answer prayer" this religious awakening be all inclusive, deep and lasting.

In the "The Master's Way," Dr. Rees spoke Monday to a small audience on the efficacy of prayer, the richness of God's mercy and the necessity of complete surrender to Christ. Basing his remarks on the feeding of the five thousand in the sixth chapter of John, he compared the way of the Master to the way of the world. The Lord's way is the way of prayer, an all-sufficient and resourceful way. It leads the Christian to make of his life a complete surrender, but brings to him in the end untold richness and blessing. While our way is narrow and insufficient the way of the Lord is all-sufficient and full of rich rewards for those who follow it.

Sunday evening Dr. Rees spoke to a large audience of the tremendousness of the present age, in sin as well as in opportunity. He spoke of the mighty spirit of reform now current and of the need of more Christians who will spend time in prayer. Too little attention is given the study of the Bible and too much to the Sunday paper. The world needs the man who will do the unusual thing, who will depart from his path to speak to the wayward and utter an unexpected word of testimony for his God.

The plan failed Sunday evening to raise the expenses of the meeting at the first collection, but the \$167 raised is a good start toward the \$750 needed for the total expenses. It had been suggested that if five hundred people would give one dollar a piece the total amount would be in all probability be raised the first night. Collections will not be taken after the necessary fund for expenses has been raised.

"The Duke of Durham," a musical comedy of merit, opened at the Grand last night for three nights and following Manager Hunt's recent custom, there were people lined up on the street waiting to gain admission to the second show. There are sixteen people in the cast and they sing splendidly while the comedy work is excellently. Miss Palmer, who is the manager of the company, promised a high class production and is keeping the promise. The same management is back of "Running For Congress," produced at the Grand several months ago with special success.

**How to Cure Sick Headache.**  
C. E. Mustoe, of Fresno, California, has adopted the correct treatment for sick headache. He says: "I have used Chamberlain's Tablets for sick headache and constipation for the past two years. I have never found any preparation so satisfactory in every respect for this (Adv.)"

## Thursday Will Mark a Festive Day

—when our store will put on its new fall dress and present in all their beauty the dress materials, trimmings and accessories that will be worn by Milady of Fashion during the approaching seasons. Our distinctive leadership in these lines will make this store the Mecca for all women whose thoughts are now centered upon the Fall Outfit. An ever changing panorama of beauty will take place as one passes from one section to another, imparting a series of helpful ideas in regard to weaves and colorings, which will prove a happy event for all who will attend. Not only do we pride ourselves upon the extensiveness of assortments, but equally upon the conservative prices we are enabled to quote. We extend to one and all a cordial welcome.

### AVIATOR KILLED DURING FLIGHT AT GALESBURG

Max Lillie Falls to His Death When Wing of Aeroplane Collapses.

Galesburg, Ill., Sept. 15.—Max Lillie, aviator, was killed in a flight at the Galesburg district fair today. The accident was due to the collapse of a wing as Lillie was making a turn. Frequent flights of the machine had weakened the wing and it broke off as though it were made of paper.

Mrs. Lillie was in the grandstand watching her husband's performance. She fainted when she saw him fall. The aviator was crushed by the heavy engine which landed on his head and chest. Nearly every bone in his body was broken.

**Regarded as Careful Flyer.**  
Chicago, Sept. 15.—Max Lillie was born in Stockholm, Sweden, thirty-one years ago, and came to this country in 1903. For several years he was in the contracting business in St. Louis. His family name was Lillizastrom. He adopted the name Max Lillie three years ago when he became a professional aviator. He was licensed as an expert aviator by the Aero Club of America and was regarded as one of the most careful flyers in the country. He had made 3,500 flights without a serious accident and for several years conducted a school for aviators in Chicago. Last year he won several prizes at the aviation meet held here under the auspices of the Aero Club of America.

## D. D. D. Opens New Era in Cure of Skin Disease

Professor Budlong's case of eczema was known to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription. "It may be of interest to you to know that your life-saving preparation, D. D. D. Prescription, has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedies. I could get no relief, although I tried a thousand means. I applied but two bottles of the Prescription; a cure was effected in a very short time, in less than one month."—Prof. C. J. Budlong, South Lyme, Conn.

Ask any druggist today for D. D. D. Prescription. He'll tell you it allays the itch instantly—and soon there are signs of cure.

We have handled the remedy for years and regard it as the specific for skin troubles of all kinds. Come in or ask us about D. D. D. Prescription, also about D. D. D. soap especially for tender skins.

We offer the first full size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent.

Lee P. Alcott, druggist.

## GRAND CIRCUIT OPENS AT DETROIT

LARGE FIELDS AND CLOSE FINISHES MARK OPENING DAY

Thirteen Horses, the Largest Grand Circuit Field of the Season, Face the Starter in the 2:09 Trot Which Is Won by Westerville Girl—A Rectum I. Takes 2:05 Pace.

Detroit, Mich., Sept. 15.—Large fields, close finishes and two brilliant victories of horses driven by Andrews marked the opening today of a five day grand circuit harness meeting here, held in connection with the state fair. No records were broken but fast time was made in several heats and in the 2:09 trot, thirteen horses, the largest grand circuit field of the season, faced the starter.

As expected, Dirrectum I. making his debut on a western track, romped away with the 2:05 pace. Pressed for time in the first heat by Flower Dirrect, the sensational pacer came to the front on the stretch, secured a safe lead and came under the wire without greatly exerting himself. The second and final heat was all Dirrectum's. He made the last quarter in 29 1/4 seconds against a stiff breeze and won the heat in 2:03 3/4.

## SPLIT EVEN IN DOUBLE HEADER

Boston Wins First Game by Ninth Inning Rally 6 to 5—Pirates Take Second 6 to 1.

Pittsburgh, Sept. 15.—Pittsburgh and Boston broke even in a double header this afternoon. Boston, by a ninth inning rally, overcame the two-run deficit, winning 6 to 5 while Pittsburgh took the second game by hitting Rudolph hard 6 to 1. Score:

First game— R. H. E.  
Boston ..... 001 200 003—6 12 1  
Pittsburgh ..... 002 201 000—5 10 2

Boston ..... 000 000 010—1 4 3  
Pittsburgh ..... 001 100 40\*—6 15 1  
Batteries—Rudolph and Rariden; Adams and Kelly.

## RED SOX TRIM BROWNS 6 TO 3.

Boston, Sept. 15.—Timely batting by Rehg and Lewis enabled Boston to defeat St. Louis today 6 to 3. Score:

Club. R. H. E.  
St. Louis ..... 000 000 102—4 9 0  
Boston ..... 130 001 01\*—6 13 2  
Batteries—Wellman and Agnew; Collins and Carrigan, Cady.

Callahan is accused of saying on the present eastern trip that had he a clouting outfield there would have been nothing but the White Sox in the American league race. It seems hard to please some people in this world. Did Comiskey not buy him an \$18,000 outfielding beauty, and has he not the "great" Ping Bodie, who occasionally gets a home run in Philadelphia. And then, too, there is Shano Collins, who, when the bluebirds whistle in the springtime, glouts the ball to the tune of 389, and when the shades of night fall upon the season is hitting at .243. Callahan wants an outfield of Sam Crawford, and, by the way, he is going to get the Wahoo barber—for his world-touring White Sox.

## BIG TIM SULLIVAN'S LOSS SEVERE BLOW TO POOR

UNTIMELY END OF CONGRESSMAN SHOCKS THE NATION.

Genial Tammany Leader, Long Ill. Wanders Away From Nurses and Supposedly Killed by Train—Grandest Figure Ever Known Among the Poor and Downtrodden in Gotham—Strict Moralist and a Total Abstemious.

Quick wit and a keen eye in the head of Policeman Peter Turfield, stationed at Bellevue hospital morgue, New York City, saved the remains of "Big Tim" Sullivan from being carted away with those of a number of other unfortunates and buried in an unmarked potter's field grave Saturday. Curiosity over the fine texture of the clothes worn by the "unknown" corpse lead Turfield to discover that his old friend, "Big Tim," was about to be carried off to the unchartered zone. The congressman had disappeared from his brother's home in Pelham before daybreak on the morning of August 31, cluding his nurses and striking out for the New York, New Haven & Hartford railroad tracks. Police records show that when he reached the Pelham bridge he either jumped off or stumbled to the tracks below, where he was found a mangled mass after an entire train had passed over him. The train crew notified the police and his remains were taken to the morgue in the Borough of the Bronx, which is in charge of Jerome Healy, who was taken out of a printing office by Big Tim and made corner of the borough. There the body remained the legal number of days, while the whole police force, uniformed and secret, of New York City, was scouring every nook in the metropolis in a vain search for their beloved friend. Healy avows he "viewed" the body of his dead friend the morning it was brought to the morgue, but did not recognize it. He does not attempt to explain why he did not call up Tom McGuire, the tailor who built the Sullivan clothes, and a suit of whose make he, in all likelihood, was wearing, to inquire as to the identity of the "unknown." McGuire, he it known, is the tailor to nearly all of New York's prominent politicians.

## Born in Squalor

Such are the meagre details of the untimely ending of one of the grandest specimens of self-made man in the United States. Timothy Sullivan was born in Leonard street, a tenement district of New York, in 1863. He came from hardworking parents, and at the age of 11, with four other younger brothers and a sister, was left fatherless. He picked up a shoe-shining box and went to work around the Old Five Points, Chatham Square and the Bowery, shining shoes and selling newspapers for several years. He studied beneath the gas lamps of the big city at night between the sales of his "extras," until at 14 years of age he entered the old New York Mail office as messenger and "devil" in the composing room. The printers "took" to young Tim, and young Tim "took" to the printers with the result that the same school that turned out Horace Greeley and the elder Bennett, great editors in their day, turned out Big Tim, the greatest and most lovable politician of them all.

## His Rise in Politics.

Tim remained in the printing business until the time he had reached his majority. He was then a leader in down town politics, and before he was 23 he was a member of the state assembly, remaining in that body eight years. He then was elected to the state senate, serving four full terms and a part of the fifth, when he was sent to congress. He did not like Washington and after his term went back to Albany again as state senator. Party demands last fall forced him against his will to again get into the congressional fight. He won, but had not at the time of his death taken his seat. His health failed him last winter, and he hovered between life and death several months. When he partly recovered his reason began to desert him. Early in the summer he was taken on a tour of Europe and it was only a short time before his unfortunate ending that he had returned, his friends at that time predicting only a short lapse of time until he could take up his official duties at Washington.

To the poor in the Gotham tenement districts Big Tim's death will be a severe blow. Many empty coal bins will be filled this winter. As also will the flour and the big bellows makers that the big fellow always made it a part of his life's duty to see were always filled to the brim. The unfortunate down-and-outers along the Bowery will miss their Thanksgiving dinners. At Yuletide they will miss several other good meals and their usual supply of warm underclothing, shoes, stockings, mittens, etc. The poor laborer will no more find the genial Tim when in need of a day's work. And last but not least the business men have lost their greatest friend and best adviser. The Jewish exiles from Russia and from Poland on New York's east side will sorrow for their American Moses—a Moses to them he was in their time of need when they landed in New York. Among the poor and lowly Tim Sullivan knew no race, no creed; previous condition did not appeal to him. It was today and tomorrow that must be taken care of.

## Love of Clean Sports.

In the world of clean sport Big Tim was the same idol he was in the game of politics. When boxing was clean in the days of the Trinity of Johns—John L. Sullivan, Jack Dempsey and Jack McAuliffe—Big Tim was a potent factor in all the big matches around New York. The boxers, as the reading public knows, were beyond the frame-up class. Op-

## MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Tongue Is Coated or if Cross, Feverish, Constipated Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, and sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup. (Adv.)

## CHICAGO TAKES SECOND GAME OF SERIES 5 TO 0.

Although Washington Secured Ten Hits Off Lefty Russell's Delivery They Could Not Hit Him When Hits Meant Runs—Sox Bunch Hits in Second, Third and Fourth.

Washington, Sept. 15.—Chicago took the second game from Washington today by a score of 5 to 0. Although outbatted, the visitors bunched all six of their hits off Groom in the second, third and fourth innings and these coupled with an error were good for five runs and the game. The locals could do nothing with Russell when hits meant runs. Score:

EAGLES SHUTOUT RAINBOWS

IN SUNDAY'S BASEBALL GAME

A Pitchers' Duel Results to Simms' Credit 2-0.

The Pekin Rainbows, greatly im-

proved over their first appearance

here, was the magnet at Nichols

park Sunday afternoon against the

Eagles. The game was a fast and

clean one, 1:25 lapsing in which to

cover the nine rounds, and in that

time but one bobbie was chalked up

an error by the visiting shortstop

which did not affect the score. The

game was a duel between Schroeder

and Simms, with the honors about

even in hits; but in the matter of

strikeouts Simms had nearly 3 to 1.

The only runs of the game—two—

were scored by the Eagles in the

fifth, on a hit, a walk and a long fly

to center. The outfielders on the

visiting team had little to do in the

outer works, two of the Eagles died

at the hands of the three guardians

of the pastures. The Eagle trio had

but one more putout to their credit.

Stewart was back in the game and

in a flying run in the fifth with a

man on the line and two gone he cut

off a possible Pekin rally. Wright,

a young Murrayville player with the

Eagles, showed well at short.

## Little Journeys in Russia and Siberia

(By S. W. Nichols)

June 24th—The long expected day has arrived and we are to take the train on the new Trans-Siberian railroad for a ride of almost ten days across Siberia and Russia. The weather is beautiful and all seems propitious for the undertaking. The reservations were made last February, so we had no anxiety regarding seats and felt fortunate, for we were warned that travel was so heavy that accommodations would be hard to secure. Our bills at the hotel are paid and we take our time leisurely to the station and are quite overwhelmed by the spectacle. A noted Russian general is starting away and three full bands are on hand to see that he gets off all right and lots of soldiers are drawn up in battle array to complete the arrangement. The train is somewhat late and we are entertained with continuous strains of excellent music, the bands playing by turn, so there is no cessation.

And now another number on the program follows. Drinks are passed about to the general, his wife and the officers present, and there are many, and all press up to Mrs. General to touch her glass with theirs before drinking. The common soldiers are supposed to get their satisfaction by seeing their superiors drink and are not treated to even water, but then they are only privates, so it makes no difference. Meanwhile friends are present saying goodbye and it is singular to see stalwart men earnestly kissing each other three times each on the lips, but such is Russia.

Finally the train pulls in and all is bustle and confusion. Baggage is hustled aboard and everything is haste and hurry. It seems to take three times as many men here to do anything as it takes at home and then it isn't done any better. The train is drawn by a good sized engine which burns mainly wood and has some coal to mix with it. It is in excellent condition, clean and bright and a fine piece of machinery. There are a baggage car, a third class car for common people, a diner, a first class coach and two second class. The coaches are excellent, well and solidly built, richly carpeted, ample in accommodations, and accompanied by polite servants. We have two compartments, each large enough to seat eight people. One we occupy all together during the day and then Mr. Ewert and I retire to the other for the night. The seats are very well cushioned, the compartments large and airy and all is conducive to comfort. And now, honestly, the main difference between the first and second class is the style of the wood work and occasionally a compartment for two or a suite each for two and with doors between.

More and more are we impressed with the complete domination of Russia as we go along, for all the officials are Russian. The train is Russian built, the stations are especially Russian and all else partakes of the atmosphere of the dominions of the czar. The men about the stations have broad caps, partly on the backs of their heads, wear the white, baggy long coat with belt at the waist, heavy top boots with pants inside and in general are fully Russ. There are soldiers, too, and the officers walk solemnly and pompously about with their gay caparison and large swords hanging to their sides, the very essence of imperialism.

Not long after we left Harbin the third class car was cut off and we proceeded with five cars, baggage, diner and three sleepers and I begin to recall the remark of an old time minister who was reading a Psalm and came to the words, "I said in my haste, all men are liars."

"Well David, if you were writing that now how you might say it differently." In February in Yokohama we made our reservations and were assured that we were fortunate in securing them and had obtained the last to be had. We bought them through the Cook agency but the head officer of the sleeping car company in the same city assured us that what was told us was true as this line was becoming so popular that the two express trains a week are crowded to the limit and were find that the train is shorter than need be the engine could easily pull more cars, and the three on the train are not filled.

The road is very smooth, as well it may be, for there are no cuts, fills or curves. As we ride away from Harbin we encounter vast prairies stretching away as far as the eyes can reach, with no timber or hills in sight. Some mud huts and a few of sad vary the monotony, but in general the population seems sparse. Once in a while stock is seen in the care of a herder or two, but these are rare. The few stations are solidly built and stone and well kept, but they are of small use, as there is so little population to patronize the road. The country is ocean like in its appearance and monotonous, though the green carpet on the landscape is a relief, but it must be dull enough in the winter. As darkness appears the stars from the wood burning engine fly back of the tender, making a beautiful appearance as they are scattered over the prairie.

June 25th—We are getting into cooler atmosphere now, as we have gone a long way northward and the air is crisp and delightful. Our beds were comfortable though after the sweltering climate of China it was hard to realize the amount of bed clothes needed and we were a bit chilly by an open window. The landscape is a trifle different being rather more broken, a new patch of timber, though that is a rarity, as the land is generally wide unbroken prairie and few habitations and generally a lonely appearance as we journey along.

We see a good many herds of cattle and horses during the day and a number of droves of camels also calmly browsing the sweet grass and they gaze at us unconcernedly as we roll by, evidently used to the frey monster which is so much swifter and stronger than they are, though unable to roam the desert without

an iron track. They are sent up here during the summer to feed and in the winter are removed to a more congenial climate. The great drawback to this whole region is the long winters, which put a quietus on everything.

During the day we arrived at the edge of Manchuria and have been whirling along the border of that land, but we soon shall enter the realms proper of the mighty czar and cast our eyes over the far famed steppes of Siberia. Here is a custom house and connected with it a lot of jabbering officials and though we assure them, as best we can, they insist on going through our baggage prefectorily and make us not a great deal of trouble.

Fuel must be a great desideratum in this region since it is all wood and must be brought a long distance by rail and is a mostly a drift, and we often see hundreds of cords piled up and I wonder when the supply will be exhausted, as Russia is not as careful as Germany to protect her forests and see that the supply of fuel is conserved. We are reminded that we are going far to the north as the sun doesn't set till nine and we must retire by the watch and not by darkness or any other suggestion of night.

On the train is a very interesting gentleman, a missionary connected with the work at Canton, China. He has been there twelve years and takes a hopeful view of prospects in that far away, unfortunate land. He says the chief of police of Canton has almost unlimited powers and is doing much to bring order out of chaos.

He says there are many slave girls in the city and when he hears of one being abused he takes her forcibly from her master and has a school with good teachers, where he keeps them and cares for them properly and he has over seven hundred in school. If he gets hold of an incorrigible criminal he simply puts the fellow out of the way and that ends the trouble.

The inmates of the city prison were herded together and used to combine to overpower the guard, seize his revolver and escape. He had about a dozen of them whom he suspected shot and that trouble was ended. Such treatment is drastic, but necessary and the great power in wise hands is beneficial, but should an unworthy person come into office the results might be dreadful.

Toward night we get into still rougher country and encounter some forests and steep grades, making a helper engine sometimes necessary. At one station I rushed to the nearest house and bought a lot of delicious milk for a few kopeks and don't know when we have enjoyed a great more. And perhaps I have not explained the currency.

The unit in this region is the ruble, worth 50 cents of our money and it is divided into a hundred kopeks, so that a kopek is equal to half a cent. The coins are a nuisance. The copper ones are one, two, three and five cent pieces, the latter being almost as large as a silver dollar, while the silver ones are respectively ten, fifteen, twenty, twenty-five, fifty cents and one and half to be very careful in handling them.

We have at the rear end of the car in which we are riding, a guard and I suppose he is armed with extraordinary police powers, as he carries his club and could doubtless mete out vengeance to any evil doer.

June 26—We are still getting into Siberia proper and are beginning to realize what it means. I was up before the rest and going into the corridor so as not to disturb any one, took my typewriter and began work. The guard came up and watched me for a long time and I explained by signs and other means as well as I could the workings of the little machine and I don't think any man ever enjoyed a show more than that stolid Russian enjoyed my typewriter. He was dressed in the regulation heavy overcoat, heavy boots and cap and I wondered what more he put on in winter. It is said the poor huddle together in a small, ill ventilated room and sleep in a manner which would cause the death of an ordinary person in our land.

Our train is nominally provided with electric lights, but the first night out the dynamo refused to work properly and we were obliged alternately to sit in darkness and light and the most strenuous efforts of the machinery failed to make the stubborn thing go and finally the porter had to distribute a few candles sufficient to make the darkness visible and thus we managed, but the next evening the sun lasted so long we didn't mind the lack of artificial light.

We are now rolling along through Siberia proper and see on every hand indications of that land and its peculiarities. The little houses are generally of logs and the sturdy people peer as us curiously, for a railroad train is ever an object of wonder. They have the old fashioned rail fences, when they have any, and small patches of the little vegetation or crops that can be cultivated in this latitude are carefully conserved. Of course wood is a large article of commerce and here it may be said that the white birch is well nigh to the natives in this region what the bamboo is to parts of China, as it pushes itself along and takes possession wherever it can get a hold and happily the supply seems to be inexhaustible. With its bark the Russian tans the leather for which he is famous, while its oil gives it a pungent scent. Its leaves, sap and oil are supposed to possess medicinal qualities and are prized as potent remedies in many chronic ailments, while the tough, coarse grained wood is excellent material for furniture and household articles, while it makes fine fuel, keeping the natives warm during the long winter days. It even serves as thatching for the humble dwellings of the peasants and it makes steam on the locomotives which draw the trains over the mighty railroad.

The scenery is constantly becoming more varied and every little while it is really romantic. Here are high hills clothed with dense forests and sometimes the branches are draped in white, making a pleasing contrast. Occasionally I have seen places which somewhat reminded me of the scenery along the road through the Adirondacks and again the rugged scenery of Virginia would be suggested. The famous Swiss edelweiss flower is found in these regions and one writer says it is becoming scarce in its native haunts, though when I was there two years ago it seemed reasonably plentiful, as I gathered quite a bit of it. Millions of yellow flowers also adorn the landscape and stunted evergreens are every where to be seen. The road is divided into versts, which is the Russian unit of distance and equal to about two-thirds of a mile and at each end of a verst is a small stone or wood house, where lives a track walker or care taker and if there be a curve or anything of the kind he signals for safety.

## IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" Ends Indigestion, Gas Dyspepsia and Stomach Misery in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia or any stomach misery.

Get some now this minute, and ride yourself of stomach trouble and indigestion in five minutes. (Adv.)

## BIG TASKS ASSIGNED COMMISSIONER NEWMAN

COUNCIL REFERS LIGHT AND UTILITY MATTERS TO HIM.

Will Confer With Mr. Miser and Make Reports—Ordinance Providing for Inspector of Weights and Measures Will be Drafted—Numerous Sidewalk Ordinances Presented.

Commissioner William Newman faces some very busy days if he performs all of the duties that he was delegated to him by the city council Monday morning. When Mr. Miser, superintendent of the Jacksonville Street Railway and Light company, suggested to the council that he would like to make a proposition for lighting the city if he was appointed as to what kind of a system the city wanted, the matter was referred to Commissioner Newman. When the question of the street railway, gas and electric franchises was brought to the attention of the council, all were referred to Mr. Newman with the suggestion that he frame up measures that would be satisfactory to him, then the council would consider them. The council instructed the city attorney to draft an ordinance looking toward the appointment of an inspector of weights and measures. Mr. Engel reported unfavorably on the petition of Mrs. Jones for authority to erect a frame and sheet iron building on East Court street.

Such were the most interesting transactions of the city council at the regular session Monday morning. Most of the other business was routine in character, although several ordinances for new sidewalks were given a first reading.

A petition was presented by E. E. Crabtree asking authority for the removal of a hydrant on East Court street in order to permit the laying of a portion of sidewalk. Commissioner Brennan objected on the ground that it would be necessary to tear up a part of the pavement to accomplish the hydrant removal. Mr. Newman and Mr. Engel were both in favor of granting the petition but Commissioners Brennan and Knollenberg and Mayor Davis voted against it.

Want Inspector of Weights. Mayor Davis said there was a good deal of talk around about an inspector of weight and measures and he had noticed Mr. Haigrove's article on the subject in the press. He said that he had all along been in favor of the appointment of an inspector and though such an official was needed.

Mr. Newman said he was opposed to the appointing of an inspector as he thought there was no need for one and it would be simply creating another office to give somebody a job.

Mr. Knollenberg said he understood that the matter had been deferred originally to permit the framing of another ordinance so that the duties of plumbing inspector could be united with those of inspector of weights and measures.

Mayor Davis said that the fees from the office would, in all probability, pay the salary and he was very much of the opinion that the creation of the office would be a desirable thing. Mr. Knollenberg, with a second by Mr. Brennan, made a motion that the city attorney be instructed to prepare an ordinance covering the matter and this was carried. Mr. Newman being the only one opposed.

Mr. Newman stated that a list of properties where new sidewalks were needed was being prepared and would be presented at an early meeting. He said also that some ordinances for sidewalks were already in the clerk's hands and would be read at the council session.

Mr. Knollenberg said he would like to have authority of the council to put a drinking fountain in front of his place of business on the east side of the square. He said the fountain would be for the public and placed within two feet of the curb. The commissioners all seemed to be of the opinion that this would be a good thing and authority was granted by a unanimous vote. Mr. Knollenberg wanted the matter on record so that if any question came up in the future it would be clear that he had asked for permission.

A certificate of inspection was read from the Hartford Insurance company showing that boilers one and two are in a satisfactory condition.

Getting New Pump Estimates. Commissioner Brennan was given more time for presenting an estimate as to the cost of a new pump to be installed at the Widenham-Daub wells. Mr. Brennan said he had a figure of \$3400 from the Platt Iron Works for a million gallon pump of one type and of \$2900 for a pump of another pattern. He said that he expected to have estimates at a few days from an independent well company from the Worthington Pump company, from the Fairbanks-Morse Co. and some others. Mr. Brennan was also granted a further time for reporting on the desirability or cost of a water tower. Mr. Knollenberg reported that the details for the exchange of some land which will give the city a title, through the strip which the pipe of the Widenham-Daub wells is laid, were about complete and that Mr. Daub had agreed to the proposed change. Mr. Brennan said that a cinder road was needed out across the property for had weather. Mr. Miser said that his company would be glad to furnish the cinders.

Mr. Engel reported unfavorably upon granting permission to Mrs. W. S. Jones for the erection of a barn of frame and galvanized sheeting on her East Court street property. Before making this report Mr. Engel secured an opinion from the Illinois inspection bureau which he read to the council in part as follows:

### Inspection Bureau Report.

"The National Board of Underwriters which speaks for and bases its recommendations not only upon the experience of insurance companies but upon the experience of eminent practical fire fighting and fire prevention engineers has for many years been attempting to secure by ordinance the adoption of a standard building code and a strict enforcement of the same throughout the country with a view of cutting down to a minimum the enormous destruction of life and property by fire. Inasmuch as the Illinois inspection bureau is in full sympathy with and is therefore pleased to extend its approval and hearty support and co-operation in the adoption of ordinance in the respective cities and towns of this state of the standard building code recommended it is but natural that we should recommend against the issuing of a permit for the proposed skeleton frame iron clad feed barn referred to in your letter. Such a building is one that should not be permitted."

Mr. Knollenberg asked what the ideas of the council were about bringing up the question of the bond light issue in October. Mayor Davis said that he didn't know what Commissioner Brennan had in mind on the proposition and Mr. Brennan said that he had been very busy and had really not canvassed the situation. Further he said he had found however, that a number of people had the idea that the new engine at the light plant was for light whereas it is to be used for pumping water. He said too that he had noticed that H. J. Rodgers at a recent meeting had expressed the opinion that with the present equipment that for \$15,000 the city could install a tungsten street lighting system. The commissioner thought this might be all right for Waverly but it was not the kind that was desired for Jacksonville.

Mr. Newman thought there was a new law whereby the city could not issue bonds except they were based upon the value of the property itself, the mayor and other commissioners were of the opinion that this was a part of the public utility matter and would not in any way effect the municipal plant. City Attorney Thompson was asked to look into the matter and make a report by the next meeting.

It was at this point that Mr. Miser stated that he would be very glad for the opportunity to present to the city council a proposition for lighting the city streets after the council had determined upon what was the most desirable as a system.

### Mr. Brennan Is Caustic.

Mayor Davis suggested that when Mr. Miser had such a proposition that he take it up with Commissioner Brennan for a conference. Mr. Newman said that he thought it would be better for Mr. Miser to make his report, or proposition, to the whole council at any rate he would like to be present when the proposition was made to Mr. Brennan. This brought the suggestion from Mr. Brennan that he was busy in his own department and not busy finding fault with other people and the best thing to do probably was to refer Mr. Miser's proposition to Mr. Newman. Mayor Davis then very promptly made the ruling that the whole matter should be referred to Mr. Newman.

When Mr. Newman asked about the utility franchise Mayor Davis suggested that it would be a good thing to refer these also to Mr. Newman so that the latter could get up something that was satisfactory to him. The mayor said at that the conferences thus far held the measures didn't seem to suit Mr. Newman and to expedite matters it would be a good thing to refer them all to him. Mr. Brennan expressed himself along the same line, as there was no second to Mr. Knollenberg's motion to consider them in open council the voluminous franchise ordinances were turned over to Mr. Newman.

Commissioner Engel said that for several weeks City Attorney Thompson had been working on a traffic ordinance and that this would be ready for presentation to the council at an early date. This measure is designed particularly to lessen danger to pedestrians and others from automobiles. Ordinances were read for a number of concrete sidewalks and laid over under the rules. Walks are provided for in these measures, on the west side of North West street from Court street to Lafayette avenue, on West Lafayette avenue from West street to Church street; on West State street from the Morrison Block to the Huntoon Building. On South West street a walk is to be laid adjoining the Cole building and then on the east side of the street from the alley in the rear of the Y. M. C. A. to the alley south of Marion street; from Anna street to the track on the west side of the street and from Chambers street to Morton avenue on the east side.

### HELP THE HOSPITAL.

Save the Papers, Magazines and Old Rubbers for the Ladies.

The ladies of the Hospital Aid society met yesterday afternoon and decided on a campaign for the purpose of securing money to help furnish the new nurses' home at Passavant hospital soon to be occupied. They have adopted a novel plan which ought to succeed. They ask every one who is inclined to aid to save all magazines and papers and wrap them in bundles; also all old rubbers will be thankfully received. They ask that this be done as soon as convenient and word be sent to any one of the following ladies, all of whom have Illinois telephones. Mrs. Edward Kinney, 197 South Prairie street; Mrs. R. S. Fanning, 202 South Prairie street; Mrs. Miller Weir, 623 West State street and Mrs. Kate Hollinger, 205 South Prairie street.

All names and addresses will be duly recorded and about the first of October all who have thus notified the ladies mentioned, or any one of them will be asked to put their contributions on the walk in front of their respective residences and they will be called for.

## LADIES' and GENTLEMEN'S

Tailoring is a necessity, and naturally appeals to all men and women who wish to dress well. Many have become careless and allowed themselves to buy and wear ill-fitting clothes because they seem to look well and cheap when displayed in the stores.

If you knew you could get a perfect fitting, stylish, tailor made to your measure garment for about the same price you pay for the average ready-made garments, would you hesitate to have your next garment tailor-made?

Yet it is a fact that we are making clothes for thousands of customers every year who do not pay any more for them tailor-made to their measure than the average ready-made garments.

When making these statements, reason demands of the public to investigate. We cannot force you in our store. We cannot go to each one personally with our stock to convince you. Our only alternative is to publicly announce these facts through the various advertising mediums at our command with all the force that words and space command.

In both ladies' and gentlemen's departments we employ the best cutters and tailors in the trade. Our stock of piece goods is of good honest all-wool fabric, bought in such quantities direct from the mills, that insure the lowest possible prices.

Our aim is to get up a garment which can be sold at a price within reach of all; at the same time as good in workmanship, style, fit and fabric as other high priced tailors. This can only be done on quantity production, thereby reducing the cost and our profits to a minimum, all of which is a saving to those who are fortunate to have us tailor their clothes.

A visit to our store will convince the most skeptical of the facts in the above statements.

**A STRONG REFERENCE.**  
A young man recently applied for  
a position with a large printing  
house, and not having a letter of  
reference, offered his bank book. It  
showed a regularity of entries of de-  
posit. It was a very strong recom-  
mendation, indicating character and  
persistence, which finally secured for  
him a good position.

## MYSTERY OF MURDERED WOMAN IS CLEARED

PRIEST CONFESSES THAT HE KILLED ANNA AUMULLER AND DISMEMBERED BODY.

Rev. Hans Schmidt Makes Complete Confession to New York Police—Had Gone Through Mock Marriage Ceremony With Young Woman Years Ago—Bishop Says Priest is Insane.

New York, Sept. 15.—Rev. Hans Schmidt, assistant rector of St. Joseph's Catholic church, has confessed to the murder of Anna Aumuller, a domestic, and that he cast the dismembered body into the Hudson river. This confession clears the mystery which has surrounded the finding of the dismembered parts about two weeks ago. Schmidt cut the woman's throat and then hacked the body into pieces. In this confession he says he killed her because he loved her so, but the police believe there were other motives, as a marriage license has been found which contained the names of Schmidt and Miss Aumuller and it is alleged that Schmidt went through a marriage ceremony in which he acted as both groom and clergyman.

**Text of the Confession.**  
The confession, which the police say Schmidt signed, follows:  
"I met Anna Aumuller two years ago at the parish house of St. Boniface church. I was attracted by her beauty. I became infatuated with her. I loved her.  
"I killed her because I loved her so much. She was so beautiful, so good, I could not let her live without me.  
"I had made up my mind that she and I could not live together. I was a priest and must remain with my church. I could not let her go away from me. So I opened the door of the flat. I awakened her. I told her I had come to fulfill my threat. Then I drew the knife across her throat.  
"I cut the body into six pieces. I made trips to the Fort Lee ferry each time with a part of her precious body in a bundle. When the ferry boat reached the middle of the stream I would throw a piece into the water, and when the boat reached the other side of the river I would return and go back to the flat.  
"After I had disposed of the body I wanted to destroy all evidence of the crime. I took the mattress on which I had slain her and carried it to a vacant lot and there I burned it. I am guilty; that is all I can say. I must pay the penalty. There is nothing else for me to do. But I loved Anna Aumuller.  
"She wanted me to marry her and I procured a marriage license. She trusted me.  
"I am a priest and ordained to perform the marriage ceremony, so when she insisted upon a ceremony I married myself to her. There was no need of any other priest doing it. It was just as absolute as if I had called in another person with authority to perform a marriage ceremony. She was my wife."

**Priest Insane, Bishop Says.**  
Trenton, N. J., Sept. 15.—It is the belief of Bishop James A. McFaul of the Trenton Diocese that Father Hans Schmidt, the confessed murderer, was not mentally responsible. The bishop formed this opinion while Father Schmidt was serving temporarily as pastor of St. Francis church in this city, and it was because of that fact that Father Schmidt's services here were brought to an earlier close than might otherwise have been the case.

Father Schmidt came to Trenton in 1910, having been "borrowed" from New York, as Bishop McFaul expressed it tonight, to fill temporarily the pastorate of Rev. Father Joseph Rathner, who went abroad that year for his health. Father Schmidt served for seven months as pastor of St. Francis church and then was released to return to New York.

## METHODISM IN THE JACKSONVILLE DISTRICT

REPORT PRESENTED TO CONFERENCE BY SUPT. F. A. MCCARTY.

Many Changes Were Made at Beginning of the Year but Assignments were Fortunate—Work Has Been Satisfactory—Several Revivals Have Shown Good Results.

Shelbyville, Ill., Sept. 15.—The youngest and yet one of the most vigorous of the eight district superintendents was accorded a royal welcome when he arose, at the call of Bishop McDowell, and made his "maiden bow" and read his splendid report of Jacksonville district. It was as follows:  
Bishop McDowell and Brethren:  
The anxiety with which the district work was taken up one year ago was in no way lessened by the fact that 28 men faced new jobs. The significance of this negira was not altogether apparent. However, the first round of quarterly conferences revealed the fact that my predecessor had not been asleep, and that the appointing powers had well adjusted a splendid company of men to suitable fields. Indeed the work seemed so well done that it might not require revision at this conference. A kind Providence permitted more or less of this pleasing delusion until the fourth round of the quarterly conference.

At the close of last conference one charge, Litterberry circuit, was left to be supplied. Howard Leach, a Wesleyan student, was secured, and has here served his first year in the ministry with decided success. Brother G. U. Greer, who was appointed to Greenfield circuit, moved to Lebanon in order to send his children to school. The disciplinary committee was called and J. L. Albin was appointed pastor. O. T. Hatfield, appointed to supply Astoria circuit, did not take the work and this circuit was vacant for one quarter. About the end of the first quarter Brother G. A. Cox graciously declined the double honor of pastor and assistant janitor of Bluffs, even to the point of requesting release from his charge. The lawful committee exonerated him, and he went cheerfully from a station to the six-point Astoria circuit, where he has done heroic work, holding six revival meetings, not allowing even a broken arm to stop revival work. The people would rejoice in his return. Since this time Bluffs has been supplied on Sunday evenings by Brother E. B. Houck of West Jacksonville circuit and so acceptably that the quarterly conference invited him to become their pastor with a sharp advance of salary.

In all other cases the pastors went to their work, and have wrought faithfully. Time would fail me to tell of their labors and achievements individually. The district work of the year was launched by the preachers and stewards meeting in the autumn, which was held in connection with Founders' day at the Woman's college. The presence and timely addresses of Bishop McDowell at both were a great inspiration to preachers and laymen alike. Evangelism was the keynote.

**Revival Work.**  
The men have prosecuted the revival work with great earnestness and enthusiasm. The first was the meeting at Murrayville, where Pastor Biddle was assisted by Evangelist Beadles. Over 100 gave their hearts to God, and the work has been wonderfully permanent. Brother Beadles held a meeting at Waverly, where there were some 60 professions, also at Virginia.

At Ashland Pastor McPherson was assisted by Rev. M. S. Rees and wife of Rochester, N. Y. This was not only a great meeting, but most healthy in method and results. Again more than 100 conversions and permanent outcome. It is noteworthy that both of these two marked meetings followed immediately upon church building enterprises. Dr. and Mrs. Rees begin union meetings in a large tent at Jacksonville next Sunday, in which Grace and Centenary churches are associated with three others church. Hugh Knowles conducted an effective revival at Bath. A fine lot of men came into the church and have raised the salary from \$400 to \$1,000.

For the most part the pastors held their own meetings, or were assisted by their brethren. Evangelists Ross and Porter, Rev. Mr. Haley and Miss Nora McGinnis' work in Chandler-ville resulted in raising the pastor's salary from \$850 to \$1,000 this past year. Brother Rigg pressed the continuous evangelism plan at Beards-town, resulting in over 100 accessions. This plan is worth trying.

The church at Franklin is erecting a handsome \$20,000 church home, which will be a credit to that community. It is to be dedicated Nov. 15. On June 9 our church at Alexander was burned. The membership there is small and they felt very doubtful about the outcome. But Pastor Johnson led them to attempt heroic things, and they are now building a completely modern \$10,000 church, which will be dedicated during the year. We have adopted another building enterprise. The church at Sandridge, near Oakford, has been a part of the St. Louis German conference. It was burned last summer. With the consent of Supt. Rapp the church has asked to come into the Illinois conference and become a part of the Oakford circuit. Plans are ready for a new building and work will begin as soon as Bishop McDowell touches the button making it a part of our conference, provided the insurance can be adjusted.

**New Property at Bluffs.**  
The board at Bluffs sold the old parsonage and lot and purchased a property adjoining the church, and erected a new house equipped with

furnace and modern conveniences. Other charges have made repairs on their church and parsonage buildings. The church at Winchester has launched a plan to pay off the old and troublesome debt.

Sunday school work is on the upgrade. The new system of graded lessons is being adopted, and correspondingly better work is being done.

The Epworth leagues are doing a more systematic but less spectacular work. The value of the change time alone must determine.

There are 13 Junior leagues in the district training the boys and girls for future church membership. The Junior league has rendered the church a great service in demonstrating to the primary department of the Sunday school the possibility of definite study and progress with the children.

**Women's Societies.**  
The Ladies' Aid societies are always wide awake, always doing things, and always solvent. Their pledge or even indication of what they are going to do is as good as gold.  
The Woman's Missionary societies, both home and foreign, are not large, but are doing a work far out of proportion to their size. Often the pastor and official board are quite surprised to find that a few women by the quiet prayer and two cents each week have in their missionary offerings gone far beyond what the whole church has done with blare of trumpets and much exhorting.

Some advance has been made in the matter of pastors' salaries, and the advance toward better business methods is slow but steady.  
The long continued drought has been serious, but the courage and spirit of our people have been magnificent. The reports at the fourth quarters, but many charges have the officials themselves. Salaries will be practically all paid. I fear the benevolences will suffer in some quarters, but many charges have gone beyond their last year's mark.

**Woman's College Campaign.**  
The Illinois Woman's college has had the most remarkable year of its history. In number of students, equipment and work done it has broken all previous records.  
The campaign for \$100,000 for endowment, and \$80,000 to lift indebtedness has been the event of the year. Jacksonville started the movement by a vigorous campaign, raising one-third of the amount, or \$60,000, within Morgan county. Mr. Harker and the campaign committee called Dr. J. W. Hancher to assist in the work. During the closing days of the general campaign in May and June, both Dr. Hancher and Secretary Nicholson rendered most valuable service.

A serious handicap to the work was a disposition in some quarters to question the reality of a crisis. The victory was won the evening before the closing day. On Tuesday, evening, June 3, the trustees made

up the small deficit, and the triumph was duly celebrated that evening in the reception given Dr. and Mrs. Harker in honor of their 20 years of splendid service. The next morning at the commencement exercises the Hon. W. A. Rankin proposed to give \$10,000 on the \$100,000 necessary to meet the requirement of the university senate by June, 1916. President Harker comes back from his European sojourn rested and renewed, and the new school year opens with bright prospects.

The Educational Forward movement has been faithfully presented. Perhaps all the districts have had trouble with the famous hundred-dollar rule. Money will come in through other channels, the college cannot know whether the giver is a Methodist or to what charge he belongs, or at times who he is, for some time, where known the college does not receive these gifts under \$100. This is a most difficult and vexing problem, and there must be great patience on the part of both pastors and the college to adjust these matters. The Woman's college stands heartily ready to turn over to the movement or to give pastors checks payable to Treasurer Prentice for every dollar given by members of our churches which have not reached the \$1.00 per member line. There need be no hesitation on the part of the pastors in reporting the names of these givers and asking for credit. Make clear the giver and the amount and charge. The college cannot know who these people are. The pastors are in a strategic position and should be careful to be absolutely fair to both the church and the college.

The faithful work of the devoted pastors has made the year a good year. The fellowship of the pastorate has been splendidly made up by the big hearted brotherliness of the pastors, and the cordial welcome to the parsonage shown and awarded the superintendent by the pastors' families.

Respectfully submitted,  
F. A. McCarty, Dist. Supt.

**QUICK RELIEF FOR RHEUMATISM.**  
George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. STATE ADMINISTRATION

Former Alderman to Serve as Disbursing Agent for Jacksonville State Hospital Is the Rumor.

Former Alderman Edward Oberlin was in Springfield Monday and his friends here understand that he went there to receive instructions as to the duties of the position to which he has been appointed. Mr. Oberlin is to serve as disbursing officer for Jacksonville State hospital. His duties will be mainly in the matter of investigating relative to the ability of relatives or guardians to pay for the care of the insane, instead of having the entire cost paid by the state. He will, of course, under the direction of the state board of administration. Several years ago the board started the movement to have costs paid by relatives of the insane when able and a large amount of money has thus been paid into the state treasury.

Mr. Oberlin's position, it is understood, will pay a salary of \$100 per month. No doubt others of the local democracy will look on him with envious eyes as thus far he and T. J. Kendrick are the only Jacksonville Democrats to gain recognition from the Dunne administration. Incidentally the report has come from Springfield that Governor Dunne has stated positively that no more appointments will be made here until local Democrats stop squabbling and get together in their recommendations.

### MORTUARY

#### Brown.

Mrs. George McCarthy, aged 25 years, died at the home of her father, Hiram Brown in the Sinclair neighborhood Sunday night at 7 o'clock after an illness extending over a period of a year. Her maiden name was Emma Brown and she was married to Mr. McCarthy about six years ago. She is survived by her father, her husband, three children, Florence, Rosie and John; two brothers, Oliver and Herbert, at home, and one sister.

Funeral services will be held at Hebron church Wednesday morning at 10:30 o'clock and interment will be made in Hebron cemetery.

#### Lamb.

Mrs. Mary J. Lamb, died at the home of her daughter, Mrs. Owen Magill, 442 South Mauvalsterre street Monday evening at 8 o'clock, after several weeks' illness. During her long sickness she was a patient sufferer and although conscious of her condition, was fully resigned and faced the future with Christian assurance and fortitude.

Mrs. Lamb, whose maiden name was Mary Thompson, was the daughter of Alfred and Catharine Thompson. She was born in Jacksonville, December 6, 1846, and was at the time of her death 66 years of age.

She was married to Lafayette Lamb, Oct. 31, 1865, and lived on a farm near Markham for a number of years. Mr. Lamb preceded her in death 12 years ago.

She is survived by seven children, six sons and one daughter, as follows: Erle, who lives east of the city; Alfred, of Murfreesville; Joseph, late Mrs. Owen Magill, George and John, of Jacksonville, and the following sisters: Mrs. Martha Thompson, Carmar; Elizabeth Large, Wilmington, Cal.; Iona Large, Calgary, Canada; Susan Hiley and Caroline Thompson, of this city.

Mrs. Lamb resided with her daughter for the past seven years, who gave her the tenderest care during her long and severe illness. She was a woman of quiet disposition and will be sadly missed by a wide circle of friends to whom she had endeared herself during her long residence in Jacksonville. She was a member of the Christian church, having united with the church at the age of 16. The sympathy of a wide circle of friends will go out to the bereaved home circle.

The funeral services will be conducted Wednesday afternoon at 2:30 o'clock from the family residence, 442 South Mauvalsterre street, and interment will be made in Jacksonville cemetery.

#### BUSINESS FOR SALE.

My whole time being taken up with other duties, I have decided to offer my cigar factory and business for sale. If interested, call at circuit clerk's office.

Eugene D. Pyatt.

### FUNERALS

#### Parks.

The remains of Mrs. George Parks, who died at Our Savior's hospital Saturday night, were sent to Pleasant Hill Monday morning at 9:40 o'clock via the Chicago & Alton, from the Gilham undertaking establishment. Funeral services will be held this morning.

#### Asher.

The funeral of Taylor Asher was conducted Sunday morning at 11 o'clock from the Woodson Christian church, in charge of Rev. I. C. Smith. Music was furnished by Mrs. Eva Megginson, Mrs. Fay Kliner and Edward Gallagher, with Mr. Gallagher at the organ. The flowers were cared for by friends.

Interment was made in the Henry cemetery and the bearers were Messrs. Lorenz Kehl, Cleo Hart, Harvey Harney, Amos Harney, Dale White and Vivian Craigmile.

#### Gaddis.

The funeral services of Mrs. Sarah A. Gaddis were held from the Methodist Protestant church in Concord Monday afternoon at 2:30 o'clock, in charge of the pastor, Rev. Mr. Reid. Music was furnished by the church choir and the beautiful flowers were cared for by three granddaughters and two grandsons of the deceased.

Burial was made in the Concord cemetery and the bearers were Messrs. George Dietrick, Marshall Smith, Thomas Murphy, Silas Rentzler, Louis Smith and Charles Moss.

### TELEPHONE COMPANY DENIES

#### CONSPIRACY TO RESTRAIN TRADE

File Answers in Federal Court to Government's Anti-Trust Suit.

Portland, Ore., Sept. 15.—Individually and collectively denying that they are parties to any conspiracy in restraint of trade, the American Telephone and Telegraph company, and subsidiary concerns filed answers today in the federal court to the complaint of the government which has started a civil anti-trust suit against them charging that the defendants are in conspiracy to monopolize the telephone business in violation of the anti-trust law of congress passed July 2, 1890, and demanding that competitive conditions be re-established as far as practicable in Oregon, Washington, Idaho and Montana.

In their answer the companies make a general and specific denial that they are restraining trade or commerce or attempting to monopolize trade or commerce.

**ATTEND HERMAN'S GRAND FALL OPENING THURSDAY, SEPT. 18.**

#### NOTES FROM THE LABOR WORLD.

More than 600,000 men are employed in working the railways of the United Kingdom.

The national headquarters of the United Shoe Workers of America are to be moved from Lynn to Boston.

The United Textile Workers of America will hold its annual convention next month in Philadelphia.

The Glove Workers' Union of America has decided to make a vigorous campaign to increase its membership.

The mine workers of Illinois have voted to appropriate \$100,000 to aid the striking copper miners of northern Michigan.

The United Mine Workers of America and the Western Federation of Miners together have a membership of nearly half a million men.

The label of the Cigarmakers' International union, the oldest of all union labels, has been legalized in 31 states.

The Glass Bottle Blowers' union and the manufacturers have agreed to continue last year's wage scale for another twelve months.

Thousands of children employed in the mills in Massachusetts have been thrown out of employment by the operation of a new law, which prohibits the employment of any child under 14 in a workshop.

The 22,000 members of the United National Association of Postoffice Clerks will take a referendum vote to decide whether the association shall affiliate with the American Federation of Labor.

Frank Duffy, general secretary of the United Brotherhood of Carpenters and Joiners, has been named to represent that organization at the convention of the Canadian Trades and Labor congress to be held this month in Montreal.

Complaining they have received no increases within the last twelve years, engineers and assistants employed on lumber carriers on the Great Lakes have asked for a wage increase of \$15 per month, while chief engineers of bulk freighters have asked for an increase from \$125 to \$140 a month.

A conference of twenty-four delegates of the building workers' organizations from eleven countries on the occasion of the general meeting of the German building workers' conference, in Jena, decided that the next ordinary international conference should take place at Vienna.

Massachusetts' new child labor law provides that no one under 14 years of age shall be employed to work at the various trades. Regarding children under 16 years the act provides that the state board of labor and industries may determine whether any trade is sufficiently dangerous to the health of morals of a child to justify exclusion.

### HAS NARROW ESCAPE FROM BURNING TO DEATH

Manuel Gouveia, Son of Mr. and Mrs. Joseph Gouveia, Severely Injured While Playing Around Bonfire.

Manuel Gouveia, son of Mr. and Mrs. Joseph Gouveia, of 1915 North Diamonda street, aged 14 years, was severely burned Saturday evening, about 10 o'clock, while playing with other boys about a bonfire at the residence of Mr. Gouveia.

In company with Willie Vieira and Clifford Ornellas the boys formed a trio to play cowboy and had built a large bonfire. Gouveia had found a piece of rope which was used to wrap gas pipes. He tied this tightly about his body and it was not very long afterwards until he came to close to the fire and his clothing caught. The flames soon spread to the belt, which being saturated with grease and oil made good food for the flames. The other boys ran to his rescue, but not until he was burned severely about the hands, and especially about the body where the rope was tied. Joseph DeFreitas, who lived across the street carried the boy into his home and Dr. T. O. Hardesty summoned. Later the boy was taken to Passavant hospital. An examination showed that the burns about the body were deep and although the patient is suffering considerable it is not thought the burns will prove fatal.
